

November 25<sup>th</sup>, 2024

To Our Valued Customers:

Effective immediately, the CSP HRC base price for the week of November 25<sup>th</sup> will be \$750/ton for all producing mills, except CSI, where our CSP HRC base price will be \$810/ton.

As a reminder, the CSP will be administered as follows:

- Every Monday at 10:00 AM ET, we will communicate to Nucor customers our hot-rolled coil spot base price for the upcoming week, accessible at <https://www.nucornow.com/home>.
- This price will be in effect until the next weekly publication of the CSP.
- Our hot-rolled coil spot price will be derived from both quantitative and qualitative data.
- To aid in supporting your ability to better plan, lead times for all spot orders will be offered between 3-5 weeks. Please contact your Nucor District Sales Manager for availability.
- Nucor published extras will apply to all spot transactions.

Thank you for the opportunity to earn your business.

Sincerely,

*Aaron Barnett*
